

Below you can see details of properties across Luton Borough that have been let to applicants during the period April to June 2020. You can see what Band the successful bidder had and how long they had waited on the housing register in that Band. This may give you an idea of how likely you are to be the highest priority bidder on similar properties that become available in the future. However, bear in mind that fewer lettings took place than usual in this period due to the COVID-19 epidemic and the lockdown put in place to control the spread of the virus.
